Clinton joined Nexia BT in 2017 as manager within the international client services department. Prior to joining Nexia BT, he held the post of Accounts Manager with a mid-tier audit firm, where he was mainly responsible for the coordination and upkeep of books of accounts and VAT compliance for an extensive portfolio of local and international clients. He was strongly involved in the mentoring and training of junior to senior staff within the accounts department, providing them with individual attention to enhance the team's capabilities.

Having spent the first years of his career within the firm's audit department, Clinton gained invaluable experience through statutory audits of clients operating in industries including retail, construction, manufacturing and hotels. After achieving the ACCA qualification in 2014, he also completed the Diploma in VAT Compliance, to reinforce his technical knowledge in the field.

Clinton is a Certified Public Accountant, a member of the Association of Chartered Certified Accountants and of the Malta Institute of Accountants.
